

Further Info

What can you bring?

We're currently a team of 3 part-time staff (Belinda, Michael & Simon) and we're looking for help in shaping the life of our community going forward. Depending on your time, gifts and interests, the role could include elements of:

- Inspiring faith development - building relationships, supporting and helping people follow Jesus
- Developing and delivering new and existing projects (such as detached youth work, Men's Shed activities, youth nights, teaching, parent & toddlers, intergenerational services/trips, after-schools clubs and worship). Though our activities are important, it's people's needs that come first in how and why we do anything
- Encouraging people to live missionally using their gifts
- Nurturing relationships across ages
- Managing and encouraging volunteers and undertaking related admin
- Being a Christ-like presence in the general life of our church and community.

Investing in You

- We want to offer you meaningful work, being together as a team
- Treat you as a valued member of our church family
- Care for your spiritual and personal health and development by providing regular mentoring and pastoral care, access to training/conferences, team building activities and prayer. We want you to thrive
- Give you a voice and the resources to help shape our work going forward
- Provide you with space to explore other mission/ministry areas you might be interested in
- The flexibility to work alongside other commitments in your life, with some work from home possible
- A fair wage. Subject to funding, the potential to lead to a permanent pensionable position.
